Please explain if the intervention logic has proved to be valid, including with the possible changes and their justifications presented in earlier reports, comment the likeliness of reaching the final target(s) related to the impact in a near future (specify).

Please indicate any modification that have be brought to the Logical framework matrix since the start of the Action and explain briefly why (complete explanation should be placed in the 2.2 section under the relevant level considered: outcomes, outputs, activities).

2.2. Results and activities

A. RESULTS

The narrative report should be based on the monitoring and evaluation system set up using as a basis the Logical framework matrix. As such, narrative reports must inform all the indicators defined in the logical framework. Monitoring and/or evaluation reports relating to the performance of the Action shall be used and mentioned in the narrative report. All the monitoring and/or evaluation reports shall be submitted to EUROCHAMBRES with the Final narrative report.

What is your assessment of the results of the action so far? Include observations on the performance and the achievement of outputs, outcomes and impact and whether the action has had any unforeseen positive or negative results.

Explain how the Action has mainstreamed cross-cutting issues such as promotion of human rights,³ gender equality,⁴ democracy, good governance, children's rights and indigenous peoples, youth, environmental sustainability⁵ and combating HIV/AIDS (if there is a strong prevalence in the target country/region).

Referring to the final updated logframe matrix (see point 2.4 below) please comment the level of achievement of all the results on the basis of the corresponding current value of the indicators and all the related activities implemented during the reporting period.

- the level of achievement on the basis of the corresponding baseline, target and current value of the indicators, making reference to the assumptions and risks defined in the Logical framework

² The relevant terminology (i.e. outputs, outcome, indicators, etc.) is defined in the logical framework matrix template attached to the guidelines for applicants (Annex e3d).

- 2.4.** The Logical framework (logframe) matrix should evolve during the Action project (i.e. the projects) lifetime: new lines can be added for listing new activities as well as new columns for intermediary targets (milestones) when it is relevant and values will be regularly updated in the column foreseen for reporting purpose (see "Current value"). The term "results" refers to the outputs, outcome(s) and impact of the Action.

The logframe can be revised as necessary (in line with the provisions defined in Article 9.4 of the General Conditions).
